

ROMPERS PRIVATE NURSERY

COMPLAINTS POLICY

Policy Statement:

At Rompers in order for us to maintain our high standard and improve the nursery we must have procedures in order to gather information from all service users of the nursery. We feel that any person who has a concern or feels a dissatisfaction with the service that Rompers provides has a right to voice these concerns and have them dealt with fairly and equally.

Having a complaints procedure and allowing users to voice concerns will help contribute to the overall equality and effectiveness of the nursery.
