

## Some comments and feed back from parents/carers.

Suggestions for improvements to the evening in future/additional comments?

I liked the relaxed set up, love looking at all the art work and pictures of the children busy at nursery. I always wonder what they get up to when I am not there so its lovely to see.

Fantastic to see round the whole nursery – enjoyed the evening.

*Very warm evening and approachable staff.*

All the girls in the baby room are super special, they are all lovely. My son has his arms out ready for a cuddle from one of the girls when I drop him off which makes me so happy.

Great to see my son is getting on well and his confidence is growing, thank you.

Very informative evening as I often don't get the chance to fully discuss my child's development after picking him up, so it was good to see everything he does throughout the day.

Really nice and open.

Was good to hear how my child is enjoying his new hours at nursery and happy to engage with lots of activities.

The format of evening , good. Good to be able to see folder and discuss progress with key worker.
